OCC The Look 873K

OCC The Look is the answer in producing moderate, stout, good footed Angus cattle with that attractive look needed to reap success on a nationwide scale. He's a tremendously low birth weight alternative whose progeny have already proven themselves in the pasture as well as in the showring. There's no question, you can use him with confidence.

Out of an **OCC Anchor** son and the infamous **Dixie Erica 921D**, a full sister to **OCC Doctor**.
